

Smart Stay

by **ShermansTravel**

The Midwest is often dismissed as flyover country, but America's Heartland is severely underrated. Not only is it home to spectacular landscapes (Great Lakes, anyone?) and metropolises (Chicago and Minneapolis, to name a few), but locals are known to be warm and welcoming. Whether you're in the area for a layover or a long weekend, the below properties, located in some of the region's top cities, are sure to impress.

A Design-Forward Gem in the Heart of Chicago

Rising from the landmarked 1920s-era Cedar Hotel, **Viceroy Chicago** is a stunning property full of contrasts: historic yet modern, luxurious but relaxed, and trendy with a feeling of timelessness. The bulk of the hotel is an 18-story glass high-rise, set back far enough from the street to allow the delicately preserved Neo-Classical facade of the original Cedar Hotel to shine. Inside, a 30-foot tableau featuring quotes from poet Marcel Proust serves as the centerpiece of the marble- and brass-accented lobby. Colorful elements of Art Deco and midcentury modern blend throughout the guest rooms, suites, and common areas to create a sophisticated ambiance that feels both classic and modern.

A Colorful Cincinnati Hotel That Boasts Its Own Art Gallery

Situated near downtown Cincinnati, **The Summit Hotel** offers an elevated experience with its on-site art gallery that features a vibrant collection of contemporary pieces — and a rooftop terrace on which to enjoy drinks and food alongside stunning views. The bright and airy rooms and suites combine colorful accent walls and touches of blue with refined, light wood furnishings. A gym, library, yoga studio, and three on-site bars and restaurants are added perks.

A Minnesota Escape That's a Shopper's Paradise

Just outside of Minneapolis sits the **Westin Edina Galleria**, which is connected to a sleek indoor mall of the same name that's filled with upscale shops and restaurants. Beyond its prime location, the hotel offers plush accommodations that feature soothing, nature-inspired hues, plus Westin's signature, oh-so-comfy Heavenly Beds. The drinking and dining options are notable, too: McCormick & Schmick's serves fresh seafood and chops in a swanky setting, while craft cocktails are best enjoyed at the on-site Prelude.
